## OUR COMMITMENT

3rd Street Dispensary is committed to living by the principle of Live Life Good. Goodness is a personal decision with a unique meaning to each individual. To 3SD, it includes being a good business and neighbor that our employees and community can be proud of. It guides us in all of our decisions and program designs.

## OUR PURPOSE

Our Community Engagement Program is designed with purpose, and that purpose is:

- 1) helping
- 2) rewarding goodness
- 3) inspiring by engaging

We are continually seeking opportunities that range from assisting with your mission, finding educational resources, offering discounts, giving donations, and volunteering. We believe that's what good people do. And that's what good neighbors do, too.

## INSURANCE SUPPLEMENT

*For the following groups, we will grant a 10% discount on medicinal dispensary products.*

Since insurance does not provide coverage for medicinal marijuana, we offer an Insurance Supplement discount for eligible patients. With this discount, we hope to help avoid financial hardship.

Medicare recipients: To serve the aging members of our community that live on a fixed income, this 10% discount can help you get the medicines and relief you need while relieving some of the financial worry. Simply show your card — no other documents or application processes necessary.

MO HealthNet/Medicaid recipients: It's hard to get ahead on a low income, so we offer this discount to help spread those dollars a little further. We want you to be able to get your needed medicine and still have the money for other necessities. Simply show your card — no other documents or application processes required for eligibility.

## ACTS OF SERVICE

*As a small token of our appreciation, we proudly offer those that serve the community in the following groups a 10% discount on medicinal dispensary products.*

Military members & veterans: Thank you for your service and sacrifice! To serve both Veterans and Active Military members with their medical marijuana needs, we will help the affordability and accessibility of it with this discount. Simply show your military ID.

Local first-responders & healthcare workers: In appreciation for keeping us and our loved ones stay healthy and alive! Your stamina on long and challenging shifts, the dangerous people and situations you encounter — it is heroic, and sadly, many times received without thanks. At 3SD, simply show your badge for a discount.

Educators: Extending our sincere gratitude for your selfless influence and teachings. Thank you for serving and impacting our community's future! Show a current badge or work ID card at checkout.

Lee's Summit Chamber of Commerce members: Thank you for keeping small businesses connected and working together. Provide proof of membership upon purchase.

Canna Matriarchs of MO: This non-profit group is dedicated to helping free marijuana convicts and get back home to their family, restore child custody battles lost over medicinal marijuana use, and extend pathways to support groups that can help with coping challenges and more. To read more about the Canna Matriarchs of MO, visit [cannamomsinc.org](http://cannamomsinc.org).

## VCP ROUND UP

*Round up your purchase total to the next dollar to help us build up our contribution to the Veterans Community Project.*

100% of your contribution is forwarded to VCP (no administration or handling fees taken). It is our pleasure to pass on your generosity, and we thank you for your contribution. VCP helps all veterans combat homelessness — regardless of branch, rank, or time served. Your dispensary purchase and any additional contributions help us make a difference for them.

Did you know...?

All purchases made at Missouri medical marijuana dispensaries include a 4% tax that is paid to the state and then forwarded on to Veteran organizations. However, your round up contribution is separate. These funds are considered a donation, not a tax. We pay these dollars directly to the Veterans Community Project. Read more about this great organization and see why we chose them at [veteranscommunityproject.org](https://veteranscommunityproject.org).
